SMALL'S BAR Exclusive Functions

Exclusive Functions

If you are looking for a truly memorable event with over 100 guests, whether it be a wedding or a special occasion, we are here to help!

Our functions coordinator will be able to guide you in the entire process to ensure that you don't have to worry about a thing, right from when you first book, all the way through to your night-of-nights.

In addition to the normal menu options that Small's is renowned for, we offer you an exclusive opportunity to meet one-on-one with our Head Chef Brendan Phipps and discuss the local produce that will best suit the tastes of your guests. Any additional dietary requirements can be catered for as well, to ensure that nobody misses out. In this way, the flexibility to have cocktail-style platter service or full sit-down meals is yours.

Varied music tastes? Fancy live music for a truly intimate experience with your guests? We are on hand to facilitate any personalised requests and can provide advice to ensure that your function hits the mark in every respect.

Please contact the Small's Bar Manager by emailing **manager@smalls.bar** to discuss an exclusive function – and we'd be delighted to assist.
